Vendor of Record Program: Three Year Outlook

Note:

1. This schedule is an advance notice to the marketplace in the form of a list of significant procurements for projects, goods and services that **Supply Ontario** has identified for the period covered. Supply Ontario does not guarantee, however, by providing this schedule, to purchase all or any of the goods or services listed.
2. For items on the schedule, Supply Ontario may not have conducted its market research or prepared a significant procurement plan, including how it will approach the market. This research and subsequent plan will determine when to go to market and the appropriate procurement methodology.
3. This schedule is not intended as an invitation to submit tenders or proposals and there are no procurement documents available.
4. Dates are estimates only and are subject to change by Supply Ontario.
5. Please be aware that the tendering process may be preceded by stakeholder engagement, typically 60 days prior to tendering.
6. Suppliers interested in how the government procures goods and services can visit the [Become a vendor](#) page on www.supplyontario.ca for more information.
7. To view all active Vendor of Record Arrangements (VORs), please refer to **Supply Ontario's** [online VOR listing](#).

Document glossary

NEW – A net new Vendor of Record/Volume License arrangement under the SO Enterprise-wide VOR Program.

REFRESH – Provides an opportunity for new vendors to qualify, and for existing vendors to provide services they did not qualify for originally, under an existing VOR arrangement through an open competitive process. Refreshes also allow updates to the products/services available through the VOR to reflect changes in the marketplace.

REPLACEMENT – A net new Vendor of Record/Volume License arrangement that replaces an existing/active VOR/VLA arrangement prior to its expiration.
